

Over A\$15 million
given to Australian
and NZ charities
since 1984

BLIND WELFARE ASSOCIATION, SOUTH AUSTRALIA

For nearly 75 years the BWA has provided a range of services for the blind and vision impaired including building a hostel, work cottages, a nursing home, residential apartments and running a host of social activities.

The Association is run 'for the blind by the blind' and of the many important services they provide, the program of home visits, outings, shopping trips and trips to medical appointments is considered the most needed.

The \$53,000 donation will be used to purchase a new diesel powered 12 seater bus which will ensure they can continue to provide much needed transport to the region's blind and visually impaired.

The Legacy
Lives On!
