FITTED FOR WORK, VICTORIA

Established in 2005, this national organisation assists long term unemployed and disadvantaged women to obtain and maintain employment and ultimately achieve financial independence.

Amongst other services the FFW provides job interview preparation and has helped over 4,000 women to improve their confidence and work prospects. They also provide a personalised dressing service using brand new corporate clothing which is all donated.

The \$18,000 donation will be used to set up a new FFW branch in Victoria's La Trobe Valley assisting unemployed and disadvantaged women as well as female students 'at risk' and will also include an early intervention program aimed at improving school retention and work readiness.
