

Over A\$15 million
given to Australian
and NZ charities
since 1984

OZ HARVEST, NSW

OzHarvest rescues excess food from restaurants, retailers, food outlets and corporate kitchens that would otherwise be discarded and then delivers it to charities that feed the disadvantaged and homeless.

This simple, effective service is provided free to both food donor and recipient and it also benefits the environment by ensuring good food is being eaten rather than going to landfill. Currently operating in Canberra, Sydney and Newcastle, to date they have collected 1.9 million kilos of food and delivered it to 244 agencies which in turn distributes it to people in need.

The \$65,000 donation will be used to purchase a refrigerated van for OzHarvest's new Brisbane branch.

The Legacy
Lives On!
