

Over A\$15 million  
given to Australian  
and NZ charities  
since 1984

## RIGHTEOUS PUPS AUSTRALIA, VICTORIA

RPA raises and trains dogs to provide assistance and therapy roles for children and adults with disabilities.

The impact each dog makes on the life of their recipient is invaluable, giving recipients a greater level of independence, self esteem and quality of life. Each Autism Assistance dog must undergo an intensive training schedule which costs approximately \$29,000 before it is teamed with a suitable recipient.

At the completion of the training program, the dogs are placed with their recipients at no cost.

The \$60,000 donation will be used to provide two scholarships, which will cover the costs of raising, training and care of two Assistance dogs for their lifetimes.

The Legacy  
Lives On!
