SHINE FOR KIDS, VICTORIA

Shine For Kids supports children and families affected by having a parent in the criminal justice system. Established in NSW 25 years ago, it has recently commenced operations in Victoria.

There are over 4,000 children with parents among the 4,400 prisoners incarcerated in 14 prisons across Victoria. These children are the innocent victims of crime, with very limited access to their incarcerated parent. SHINE aims to lessen the impact by strengthening the child/parent bond through facilitating regular supervised visits.

The \$40,000 donation will be used to purchase a new minivan to help the children of prisoners in Victoria and the prisoners themselves to maintain their family connections through regular visits.

The Legacy
Lives On!
